BAGLEY STREET BRIDGE OVER THUNDER BAY RIVER REHABILITATION

The Alpena County Road Commission announced today that work will begin Monday, February 8, 2021, weather permitting, on the Bagley Street Bridge rehabilitation project. The project is located on Bagley Street at the Thunder Bay River crossing.

The work consists of removing the existing structure, new concrete substructure, concrete I beams, concrete deck, dedicated pedestrian and non-motorized sidewalks, placing asphalt pavement approaches, lighting, guardrail and other incidental work. The total estimated cost of this project is \$10,300,000.

Funding for the contract work is being provided utilizing multiple Federal and State grant sources in addition to Alpena County Road Commission matching funds.

The project completion date is December 20, 2021. This rehabilitation project will require a road closure and traffic will be detoured for the duration of construction. Bagley Street will be closed from the Alpena County Road Commission driveway to the Word of Life Baptist Church. Access to Burkholder Drive will be maintained at all times.

The Alpena County Road Commission would like to thank you in advance for your patience as we continue our efforts to improve the county road system.

General Contractor on the project is Milbocker & Sons, Inc.
