Airport Road Resurfacing

The Alpena County Road Commission announced today that work will begin Monday, July 8, 2024, weather permitting, on the Airport Road Resurfacing Project. The project is located on Airport Road, from M-32 to the entrance of the Alpena Combat Readiness Training Center. The project will consist of crushing, shaping and resurfacing this portion of Airport Road.

The 0.65-mile Resurfacing Project is being funded by the Alpena County Road Commission. The total cost of the improvements is estimated at approximately \$397,000 Dollars.

Construction will take place while allowing one lane of traffic to be maintained at all times. **All Airport patrons should expect traffic delays.**

The Alpena County Road Commission would like to thank you in advance for your patience as we continue our efforts to improve the county road system.

The project is anticipated to take approximately 2 weeks to complete.

General Contractor on the project is Elmers Crane and Dozer, Hillman MI.
